UNITED STATES DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA  
SAN FRANCISCO DIVISION

29 SMARTDATA, S.A.,

CASE NO. CV 13-01838 SI

30 Plaintiff,

STIPULATED PROTECTIVE ORDER  
REGARDING THE DISCLOSURE AND USE  
OF DISCOVERY MATERIALS

31 v.

32 ROKU, INC.,

Amended Complaint Filed:

33 Defendant.

34 Plaintiff SmartData, S.A. (“Plaintiff”) and Defendant Roku Inc. (“Defendant”)  
35 anticipate that documents, testimony, or information containing or reflecting confidential,  
36 proprietary, trade secret, and/or commercially sensitive information are likely to be disclosed or  
37 produced during the course of discovery, initial disclosures, and supplemental disclosures in this  
38 case and request that the Court enter this Order setting forth the conditions for treating,  
39 obtaining, and using such information.

40 Pursuant to Rule 26(c) of the Federal Rules of Civil Procedure, the Court finds good

1 cause for the following Agreed Protective Order Regarding the Disclosure and Use of Discovery  
 2 Materials (“Order” or “Protective Order”).

3       1.     **PURPOSES AND LIMITATIONS**

4               (a)   Protected Material designated under the terms of this Protective Order  
 5 shall be used by a Receiving Party solely for this case, and shall not be used directly or indirectly  
 6 for any other purpose whatsoever.

7               (b)   The Parties acknowledge that this Order does not confer blanket  
 8 protections on all disclosures during discovery, or in the course of making initial or supplemental  
 9 disclosures under Rule 26(a). Designations under this Order shall be made with care and shall  
 10 not be made absent a good faith belief that the designated material satisfies the criteria set forth  
 11 below. If it comes to a Producing Party’s attention that designated material does not qualify for  
 12 protection at all, or does not qualify for the level of protection initially asserted, the Producing  
 13 Party must promptly notify all other Parties that it is withdrawing or changing the designation.

14       2.     **DEFINITIONS**

15               (a)   “Discovery Material” means all items or information, including from any  
 16 non-party, regardless of the medium or manner generated, stored, or maintained (including,  
 17 among other things, testimony, transcripts, or tangible things) that are produced, disclosed, or  
 18 generated in connection with discovery or Rule 26(a) disclosures in this case.

19               (b)   “Outside Counsel” means (i) outside counsel who appear on the pleadings  
 20 as counsel for a Party and (ii) partners, associates, and staff of such counsel to whom it is  
 21 reasonably necessary to disclose the information for this litigation.

22               (c)   “Patent-in-suit” means U.S. Patent No. 7,158,757, and any other patent  
 23 asserted in this action, as well as any related patents, patent applications, provisional patent  
 24 applications, continuations, and/or divisionals.

25               (d)   “Party” means any party to this case, including all of its officers, directors,  
 26 employees, consultants, retained experts, and outside counsel and their support staffs.

27               (e)   “Producing Party” means any Party or non-party that discloses or produces  
 28 any Discovery Material in this case.

(g) "Receiving Party" means any Party who receives Discovery Material from a Producing Party.

9                         (h)     “Source Code” means computer code, scripts, assembly, object code,  
10 source code listings and descriptions of source code, object code listings and descriptions of  
11 object code, and Hardware Description Language (HDL) or Register Transfer Level (RTL) files  
12 that describe the hardware design of any ASIC or other chip.

### **3. COMPUTATION OF TIME**

14 The computation of any period of time prescribed or allowed by this Order shall be  
15 governed by the provisions for computing time set forth in Federal Rules of Civil Procedure 6.

#### **4. SCOPE**

22 (b) Nothing in this Protective Order shall prevent or restrict a Producing  
23 Party's own disclosure or use of its own Protected Material for any purpose, and nothing in this  
24 Order shall preclude any Producing Party from showing its Protected Material to an individual  
25 who prepared the Protected Material.

26 (c) Nothing in this Order shall be construed to prejudice any Party's right to  
27 use any Protected Material in court or in any court filing with the consent of the Producing Party  
28 or by order of the Court.

1                             (d) This Order is without prejudice to the right of any Party to seek further or  
 2 additional protection of any Discovery Material or to modify this Order in any way, including,  
 3 without limitation, an order that certain matter not be produced at all.

4                             5. **DURATION**

5                             Even after the termination of this case, the confidentiality obligations imposed by this  
 6 Order shall remain in effect until a Producing Party agrees otherwise in writing or a court order  
 7 otherwise directs.

8                             6. **ACCESS TO AND USE OF PROTECTED MATERIAL**

9                             (a) Basic Principles. All Protected Material shall be used solely for this case  
 10 or any related appellate proceeding, and not for any other purpose whatsoever, including without  
 11 limitation any other litigation, patent prosecution or acquisition, patent reexamination or reissue  
 12 proceedings, or any business or competitive purpose or function. Protected Material shall not be  
 13 distributed, disclosed or made available to anyone except as expressly provided in this Order.

14                             (b) Patent Prosecution Bar. Absent the written consent of the Producing  
 15 Party, any person on behalf of the Plaintiff or Defendant who receives one or more items  
 16 designated “CONFIDENTIAL – ATTORNEYS’ EYES ONLY” or “CONFIDENTIAL –  
 17 ATTORNEYS’ EYES ONLY – SOURCE CODE” shall not be involved, directly or indirectly,  
 18 in any of the following activities: (i) advising on, consulting on, preparing, prosecuting, drafting,  
 19 editing, and/or amending of patent applications, specifications, claims, and/or responses to office  
 20 actions, or otherwise affecting the scope of claims in patents or patent applications relating to the  
 21 functionality, operation, and design of modular computers that include three physically separate  
 22 modules including a portable central unit with storage, an input device including an interface for  
 23 wireless communication with a remote network, and a display and/or sound reproduction means  
 24 (generally or as described in any patent in suit), before any foreign or domestic agency, including  
 25 the United States Patent and Trademark Office; and (ii) the acquisition of patents (including  
 26 patent applications), or the rights to any such patents or patent applications with the right to  
 27 sublicense, relating to the functionality, operation, and design of modular computers that include  
 28 three physically separate modules including a portable central unit with storage, an input device

1 including an interface for wireless communication with a remote network, and a display and/or  
 2 sound reproduction means. These prohibitions shall begin when access to “CONFIDENTIAL –  
 3 ATTORNEYS’ EYES ONLY” or “CONFIDENTIAL – ATTORNEYS’ EYES ONLY –  
 4 SOURCE CODE” materials are first received by the affected individual, and shall end two (2)  
 5 years after the final resolution of this action, including all appeals.

6                     (c)     Secure Storage. Protected Material must be stored and maintained by a  
 7 Receiving Party at a location and in a secure manner that ensures that access is limited to the  
 8 persons authorized under this Order.

9                     (d)     Legal Advice Based on Protected Material. Nothing in this Protective  
 10 Order shall be construed to prevent counsel from advising their clients with respect to this case  
 11 based in whole or in part upon Protected Materials, provided counsel does not disclose the  
 12 Protected Material itself except as provided in this Order.

13                     (e)     Limitations. Nothing in this Order shall restrict in any way a Producing  
 14 Party’s use or disclosure of its own Protected Material. Nothing in this Order shall restrict in any  
 15 way the use or disclosure of Discovery Material by a Receiving Party: (i) that is or has become  
 16 publicly known through no fault of the Receiving Party; (ii) that is lawfully acquired by or  
 17 known to the Receiving Party independent of the Producing Party; (iii) previously produced,  
 18 disclosed and/or provided by the Producing Party to the Receiving Party or a non-party without  
 19 an obligation of confidentiality and not by inadvertence or mistake; (iv) with the consent of the  
 20 Producing Party; or (v) pursuant to order of the Court.

21                     7.     **DESIGNATING PROTECTED MATERIAL**

22                     (a)     Available Designations. Any Producing Party may designate Discovery  
 23 Material with any of the following designations, provided that it meets the requirements for such  
 24 designations as provided for herein: “CONFIDENTIAL,” “CONFIDENTIAL – ATTORNEYS’  
 25 EYES ONLY,” or “CONFIDENTIAL – OUTSIDE ATTORNEYS’ EYES ONLY – SOURCE  
 26 CODE.”

27                     (b)     Written Discovery and Documents and Tangible Things. Written  
 28 discovery, documents (which include “electronically stored information,” as that phrase is used

1 in Federal Rule of Procedure 34), and tangible things that meet the requirements for the  
 2 confidentiality designations listed in Paragraph 7(a) may be so designated by placing the  
 3 appropriate designation on every page of the written material prior to production. For digital  
 4 files being produced, the Producing Party may mark each viewable page or image with the  
 5 appropriate designation, and mark the medium, container, and/or communication in which the  
 6 digital files were contained. In the event that original documents are produced for inspection, the  
 7 original documents shall be presumed “CONFIDENTIAL – ATTORNEYS’ EYES ONLY”  
 8 during the inspection and re-designated, as appropriate during the copying process.

9                   (c)     Native Files. Where electronic files and documents are produced in native  
 10 electronic format, such electronic files and documents shall be designated for protection under  
 11 this Order by appending to the file names or designators information indicating whether the file  
 12 contains “CONFIDENTIAL,” “CONFIDENTIAL – ATTORNEYS’ EYES ONLY,” or  
 13 “CONFIDENTIAL – OUTSIDE ATTORNEYS’ EYES ONLY – SOURCE CODE,” material, or  
 14 shall use any other reasonable method for so designating Protected Materials produced in  
 15 electronic format. When electronic files or documents are printed for use at deposition, in a  
 16 court proceeding, or for provision in printed form to an expert or consultant pre-approved  
 17 pursuant to paragraph 12, the party printing the electronic files or documents shall affix a legend  
 18 to the printed document corresponding to the designation of the Designating Party and including  
 19 the production number and designation associated with the native file. No one shall seek to use  
 20 in this litigation a .tiff, pdf or other image format version of a document produced in native file  
 21 format without first (1) providing a copy of the image format version to the Producing Party so  
 22 that the Producing Party can review the image to ensure that no information has been altered, and  
 23 (2) obtaining the consent of the Producing Party, which consent shall not be unreasonably  
 24 withheld.

25                   (d)     Depositions and Testimony. Parties or testifying persons or entities may  
 26 designate depositions and other testimony with the appropriate designation by indicating on the  
 27 record at the time the testimony is given or by sending written notice of how portions of the  
 28 transcript of the testimony is designated within thirty (30) days of receipt of the transcript of the

1 testimony. If no indication on the record is made, all information disclosed during a deposition  
 2 shall be deemed “CONFIDENTIAL - ATTORNEYS’ EYES ONLY” until the time within which  
 3 it may be appropriately designated as provided for herein has passed. Any Party that wishes to  
 4 disclose the transcript, or information contained therein, may provide written notice of its intent  
 5 to treat the transcript as non-confidential, after which time, any Party that wants to maintain any  
 6 portion of the transcript as confidential must designate the confidential portions within fourteen  
 7 (14) days, or else the transcript may be treated as non-confidential. Any Protected Material that  
 8 is used in the taking of a deposition shall remain subject to the provisions of this Protective  
 9 Order, along with the transcript pages of the deposition testimony dealing with such Protected  
 10 Material. In such cases the court reporter shall be informed of this Protective Order and shall be  
 11 required to operate in a manner consistent with this Protective Order. In the event the deposition  
 12 is videotaped, the original and all copies of the videotape shall be marked by the video technician  
 13 to indicate that the contents of the videotape are subject to this Protective Order, substantially  
 14 along the lines of “This videotape contains confidential testimony used in this case and is not to  
 15 be viewed or the contents thereof to be displayed or revealed except pursuant to the terms of the  
 16 operative Protective Order in this matter or pursuant to written stipulation of the parties.”  
 17 Counsel for any Producing Party shall have the right to exclude from oral depositions, other than  
 18 the deponent, deponent's counsel, the reporter and videographer (if any), any person who is not  
 19 authorized by this Protective Order to receive or access Protected Material based on the  
 20 designation of such Protected Material. Such right of exclusion shall be applicable only during  
 21 periods of examination or testimony regarding such Protected Material.

22       8.       **DISCOVERY MATERIAL DESIGNATED AS “CONFIDENTIAL”**

23           (a)      A Producing Party may designate Discovery Material as  
 24 “CONFIDENTIAL” if it contains or reflects confidential, proprietary, and/or commercially  
 25 sensitive information.

26           (b)      Unless otherwise ordered by the Court, Discovery Material designated as  
 27 “CONFIDENTIAL” may be disclosed only to the following:

28                  (i)      The Receiving Party’s Outside Counsel, such counsel’s immediate

1 paralegals and staff, and any copying or clerical litigation support services working at the  
2 direction of such counsel, paralegals, and staff;

18 (iv) Court reporters, stenographers and videographers retained to  
19 record testimony taken in this action;

20 || (v) The Court, jury, and court personnel;

21 (vi) Graphics, translation, design, and/or trial consulting personnel,  
22 having first agreed to be bound by the provisions of the Protective Order by signing a copy of  
23 Exhibit A;

24 (vii) Mock jurors who have signed an undertaking or agreement  
25 agreeing not to publicly disclose Protected Material and to keep any information concerning  
26 Protected Material confidential;

27 (viii) Any mediator who is assigned to hear this matter, and his or her  
28 staff, subject to their agreement to maintain confidentiality to the same degree as required by this

1 Protective Order; and Party; and

2 (ix) Any other person with the prior written consent of the Producing  
3 Party.

4 9. **DISCOVERY MATERIAL DESIGNATED AS “CONFIDENTIAL**  
5 **ATTORNEYS’ EYES ONLY”**

6 (a) A Producing Party may designate Discovery Material as  
7 “CONFIDENTIAL – ATTORNEYS’ EYES ONLY” if it contains or reflects information that is  
8 extremely confidential and/or sensitive in nature and the Producing Party reasonably believes  
9 that the disclosure of such Discovery Material is likely to cause economic harm or significant  
10 competitive disadvantage to the Producing Party. The Parties agree that the following  
11 information, if non-public, shall be presumed to merit the “CONFIDENTIAL – ATTORNEYS’  
12 EYES ONLY” designation: trade secrets, pricing information, financial data, sales information,  
13 sales or marketing forecasts or plans, business plans, sales or marketing strategy, product  
14 development information, engineering documents, testing documents, employee information, and  
15 other non-public information of similar competitive and business sensitivity.

16 (b) Unless otherwise ordered by the Court, Discovery Material designated as  
17 “CONFIDENTIAL – ATTORNEYS’ EYES ONLY” may be disclosed only to:

18 (i) The Receiving Party’s Outside Counsel, provided that such  
19 Outside Counsel is not involved in competitive decision-making, as defined by *U.S. Steel v.*  
20 *United States*, 730 F.2d 1465, 1468 n.3 (Fed. Cir. 1984), on behalf of a Party or a competitor of a  
21 Party, and such Outside Counsel’s immediate paralegals and staff, and any copying or clerical  
22 litigation support services working at the direction of such counsel, paralegals, and staff;

23 (ii) With respect to Discovery Material produced by the Plaintiff, not  
24 more than three (3) in-house counsel of the Receiving Party, as well as their immediate  
25 paralegals and staff to whom disclosure is reasonably necessary for this case, provided that: (a)  
26 each such person has agreed to be bound by the provisions of the Protective Order by signing a  
27 copy of Exhibit A; and (b) no unresolved objections to such disclosure exist after proper notice  
28 has been given to all Parties as set forth in Paragraph 12 below;

20 (viii) Any other person with the prior written consent of the Producing  
21 Party.

24                             (a) To the extent production of Source Code becomes necessary to the  
25 prosecution or defense of the case, a Producing Party may designate Source Code as  
26 “CONFIDENTIAL – OUTSIDE ATTORNEYS’ EYES ONLY – SOURCE CODE” if it  
27 comprises or includes confidential, proprietary, and/or trade secret Source Code.

(b) Nothing in this Order shall be construed as a representation or admission

1 that Source Code is properly discoverable in this action, or to obligate any Party to produce any  
 2 Source Code.

3                         (c) Unless otherwise ordered by the Court, Discovery Material designated as  
 4 “CONFIDENTIAL – OUTSIDE ATTORNEYS’ EYES ONLY – SOURCE CODE” shall be  
 5 subject to the provisions set forth in Paragraph 11 below, and may be disclosed, subject to  
 6 Paragraph 11 below, solely to:

7                             (i) The Receiving Party's Outside Counsel, provided that such Outside  
 8 Counsel is not involved in competitive decision-making, as defined by *U.S. Steel v. United*  
 9 *States*, 730 F.2d 1465, 1468 n.3 (Fed. Cir. 1984), on behalf of a Party or a competitor of a Party,  
 10 and such Outside Counsel's immediate paralegals and staff, and any copying or clerical litigation  
 11 support services working at the direction of such counsel, paralegals, and staff;

12                             (ii) Any outside expert or consultant retained by the Receiving Party to  
 13 assist in this action, provided that disclosure is only to the extent necessary to perform such  
 14 work; and provided that: (a) such expert or consultant has agreed to be bound by the provisions  
 15 of the Protective Order by signing a copy of Exhibit A; (b) such expert or consultant is not a  
 16 current officer, director, or employee of a Party or of a competitor of a Party, nor anticipated at  
 17 the time of retention to become an officer, director or employee of a Party or of a competitor of a  
 18 Party; (c) such expert or consultant is not involved in competitive decision-making, as defined by  
 19 *U.S. Steel v. United States*, 730 F.2d 1465, 1468 n.3 (Fed. Cir. 1984), on behalf of a Party or a  
 20 competitor of a Party; and (d) no unresolved objections to such disclosure exist after proper  
 21 notice has been given to all Parties as set forth in Paragraph 12 below;

22                             (iii) Court reporters, stenographers and videographers retained to  
 23 record testimony taken in this action;

24                             (iv) The Court, jury, and court personnel;

25                             (v) Any mediator who is assigned to hear this matter, and his or her  
 26 staff, subject to their agreement to maintain confidentiality to the same degree as required by this  
 27 Protective Order; and

28                             (vi) Any other person with the prior written consent of the Producing

1 Party.

2       11. **DISCLOSURE AND REVIEW OF SOURCE CODE**

3           (a) Any Source Code that is produced by Plaintiff shall be made available for  
 4 inspection in electronic format at the Northern California office of its outside counsel. Any  
 5 Source Code that is produced by Roku will be made available for inspection at the Menlo Park  
 6 office of its outside counsel, Latham & Watkins. Source Code will be made available for  
 7 inspection between the hours of 9 a.m. and 6 p.m. on business days (i.e., weekdays that are not  
 8 Federal holidays), although the Parties will be reasonable in accommodating reasonable requests  
 9 to conduct inspections at other times.

10          (b) Prior to the first inspection of any requested Source Code, the Receiving  
 11 Party shall provide fourteen (14) days notice of the Source Code that it wishes to inspect. The  
 12 Receiving Party shall provide two (2) business day's notice prior to any additional inspections.  
 13 The Receiving Party has no obligation to identify to the Producing Party the portions of the  
 14 Source Code that it intends to review in a particular review session.

15          (c) Source Code that is designated "CONFIDENTIAL – OUTSIDE  
 16 ATTORNEYS' EYES ONLY – SOURCE CODE" shall be produced for inspection and review  
 17 subject to the following provisions, unless otherwise agreed by the Producing Party:

18           (i) All Source Code shall be made available by the Producing Party to  
 19 the Receiving Party's outside counsel and/or experts in a secure room on a secured computer  
 20 without Internet access or network access to other computers, as necessary and appropriate to  
 21 prevent and protect against any unauthorized copying, transmission, removal or other transfer of  
 22 any Source Code outside or away from the computer on which the Source Code is provided for  
 23 inspection (the "Source Code Computer" in the "Source Code Review Room"). The Producing  
 24 Party shall install tools that are sufficient for viewing and searching the code produced, on the  
 25 platform produced, if such tools exist and are presently used in the ordinary course of the  
 26 Producing Party's business. The Receiving Party's outside counsel and/or experts may request  
 27 that commercially available software tools for viewing and searching Source Code be installed  
 28 on the secured computer, provided, however, that (a) the Receiving Party possesses an

1 appropriate license to such software tools; (b) the Producing Party approves such software tools;  
 2 and (c) such other software tools are reasonably necessary for the Receiving Party to perform its  
 3 review of the Source Code consistent with all of the protections herein. The Receiving Party  
 4 must provide the Producing Party with the CD or DVD containing such licensed software tool(s)  
 5 at least fourteen (14) days in advance of the date upon which the Receiving Party wishes to have  
 6 the additional software tools available for use on the Source Code Computer.

7                         (ii) No recordable media or recordable devices, including without  
 8 limitation sound recorders, computers, cellular telephones, peripheral equipment, cameras, CDs,  
 9 DVDs, or drives of any kind, shall be permitted into the Source Code Review Room.

10                         (iii) The Receiving Party's outside counsel and/or experts shall be  
 11 entitled to take notes relating to the Source Code but may not copy the Source Code into the  
 12 notes and may not take such notes electronically on the Source Code Computer itself or any  
 13 other computer.

14                         (iv) The Producing Party may visually monitor the activities of the  
 15 Receiving Party's representatives during any Source Code review, but only to ensure that no  
 16 unauthorized electronic records of the Source Code and no information concerning the Source  
 17 Code are being created or transmitted in any way.

18                         (v) No copies of all or any portion of the Source Code may leave the  
 19 room in which the Source Code is inspected except as otherwise provided herein. Further, no  
 20 other written or electronic record of the Source Code is permitted except as otherwise provided  
 21 herein. The Producing Party shall make available a laser printer with commercially reasonable  
 22 printing speeds for on-site printing during inspection of the Source Code. The Receiving Party  
 23 may print limited portions of the Source Code only when necessary to prepare court filings or  
 24 pleadings or other papers (including testifying expert's expert report). Any printed portion that  
 25 consists of more than ten (10) pages of a continuous block of Source Code shall be presumed to  
 26 be excessive, and the burden shall be on the Receiving Party to demonstrate the need for such a  
 27 printed copy. The Receiving Party shall not print Source Code in order to review blocks of  
 28 Source Code elsewhere in the first instance, i.e., as an alternative to reviewing that Source Code

1 electronically on the Source Code Computer, as the Parties acknowledge and agree that the  
 2 purpose of the protections herein would be frustrated by printing portions of code for review and  
 3 analysis elsewhere, and that printing is permitted only when necessary to prepare court filings or  
 4 pleadings or other papers (including a testifying expert's expert report). Upon printing any such  
 5 portions of Source Code, the printed pages shall be collected by the Producing Party. The  
 6 Producing Party shall Bates number, copy, and label "CONFIDENTIAL – OUTSIDE  
 7 ATTORNEYS' EYES ONLY – SOURCE CODE" any pages printed by the Receiving Party.  
 8 Within seven (7) days, the Producing Party shall either (i) provide one copy set of such pages to  
 9 the Receiving Party or (ii) inform the Requesting Party that it objects that the printed portions are  
 10 excessive and/or not done for a permitted purpose. If, after meeting and conferring, the  
 11 Producing Party and the Receiving Party cannot resolve the objection, the Receiving Party shall  
 12 be entitled to seek a Court resolution of whether the printed Source Code in question is narrowly  
 13 tailored and was printed for a permitted purpose. The burden shall be on the Receiving Party to  
 14 demonstrate that such printed portions are no more than is reasonably necessary for a permitted  
 15 purpose and not merely printed for the purposes of review and analysis elsewhere. The printed  
 16 pages shall constitute part of the Source Code produced by the Producing Party in this action.

17 (vi) All persons who will review a Producing Party's Source Code on  
 18 behalf of a Receiving Party, including members of a Receiving Party's outside law firm, shall be  
 19 identified in writing to the Producing Party at least five (5) days in advance of the first time that  
 20 such person reviews such Source Code. Such identification shall be in addition to any other  
 21 disclosure required under this Order. All persons viewing Source Code shall sign on each day  
 22 they view Source Code a log that will include the names of persons who enter the locked room to  
 23 view the Source Code and when they enter and depart. The Producing Party shall be entitled to  
 24 a copy of the log upon one (1) day's advance notice to the Receiving Party.

25 (vii) Unless otherwise agreed in advance by the Parties in writing,  
 26 following each day on which inspection is done under this Order, the Receiving Party's outside  
 27 counsel and/or experts shall remove all notes, documents, and all other materials from the Source  
 28 Code Review Room. The Producing Party shall not be responsible for any items left in the room

1 following each inspection session, and the Receiving Party shall have no expectation of  
 2 confidentiality for any items left in the room following each inspection session without a prior  
 3 agreement to that effect.

4                         (viii) Other than as provided above, the Receiving Party will not copy,  
 5 remove, or otherwise transfer any Source Code from the Source Code Computer including,  
 6 without limitation, copying, removing, or transferring the Source Code onto any recordable  
 7 media or recordable device. The Receiving Party will not transmit any Source Code in any way  
 8 from the Producing Party's facilities or the offices of its outside counsel of record.

9                         (ix) The Receiving Party's outside counsel of record may make no  
 10 more than three (3) additional paper copies of any portions of the Source Code received from a  
 11 Producing Party pursuant to Paragraph 11(c)(v), not including copies attached to court filings or  
 12 used at depositions, and shall maintain a log of all paper copies of the Source Code. The log  
 13 shall include the names of the reviewers and/or recipients of paper copies and locations where  
 14 the paper copies are stored. Upon one (1) day's advance notice to the Receiving Party by the  
 15 Producing Party, the Receiving Party shall provide a copy of this log to the Producing Party.

16                         (x) The Receiving Party's outside counsel of record and any person  
 17 receiving a copy of any Source Code shall maintain and store any paper copies of the Source  
 18 Code at their offices in a manner that prevents duplication of or unauthorized access to the  
 19 Source Code, including, without limitation, storing the Source Code in a locked room or cabinet  
 20 at all times when it is not in use.

21                         (xi) For depositions, the Receiving Party shall not bring copies of any  
 22 printed Source Code. Rather, at least ten (10) days before the date of the deposition, the  
 23 Receiving Party shall notify the Producing Party about the specific portions of Source Code it  
 24 wishes to use at the deposition, and the Producing Party shall bring printed copies of those  
 25 portions to the deposition for use by the Receiving Party. Copies of Source Code that are  
 26 marked as deposition exhibits shall not be provided to the Court Reporter or attached to  
 27 deposition transcripts; rather, the deposition record will identify the exhibit by its production  
 28 numbers. All paper copies of Source Code brought to the deposition shall remain with the

1 Producing Counsel's outside counsel for secure destruction in a timely manner following the  
2 deposition.

(xii) Except as provided in this sub-paragraph, absent express written permission from the Producing Party, the Receiving Party may not create electronic images, or any other images, or make electronic copies, of the Source Code from any paper copy of Source Code for use in any manner (including by way of example only, the Receiving Party may not scan the Source Code to a PDF or photograph the code). Images or copies of Source Code shall not be included in correspondence between the Parties (references to production numbers shall be used instead), and shall be omitted from pleadings and other papers whenever possible. If a Party reasonably believes that it needs to submit a portion of Source Code as part of a filing with the Court, the Parties shall meet and confer as to how to make such a filing while protecting the confidentiality of the Source Code and such Source Code will not be filed absent agreement from the Producing Party that the confidentiality protections will be adequate. If a Producing Party agrees to produce an electronic copy of all or any portion of its Source Code or provide written permission to the Receiving Party that an electronic or any other copy needs to be made for a Court filing, access to the Receiving Party's submission, communication, and/or disclosure of electronic files or other materials containing any portion of Source Code (paper or electronic) shall at all times be limited solely to individuals who are expressly authorized to view Source Code under the provisions of this Order. Where the Producing Party has provided the express written permission required under this provision for a Receiving Party to create electronic copies of Source Code, the Receiving Party shall maintain a log of all such electronic copies of any portion of Source Code in its possession or in the possession of its retained consultants, including the names of the reviewers and/or recipients of any such electronic copies, and the locations and manner in which the electronic copies are stored. Additionally, any such electronic copies must be labeled "CONFIDENTIAL – ATTORNEYS' EYES ONLY – SOURCE CODE" as provided for in this Order.

**12. NOTICE OF DISCLOSURE**

28 (a) Prior to disclosing any Protected Material to any person described in

1 Paragraphs 8(b)(ii), 8(b)(iii), 9(b)(ii), 9(b)(iii), or 10(c)(ii) (referenced below as "Person"), the  
 2 Party seeking to disclose such information shall provide the Producing Party with written notice  
 3 that includes: (i) the name of the Person; (ii) the present employer and title of the Person; (iii) an  
 4 identification of all of the Person's past and current employment and consulting relationships,  
 5 including direct relationships and relationships through entities owned or controlled by the  
 6 Person; (iv) an up-to-date curriculum vitae of the Person; and (v) a list of the cases in which the  
 7 Person has testified at deposition or trial within the last five (5) years. Said written notice shall  
 8 include an identification of any individual or entity with or for whom the person is employed or  
 9 to whom the person provides consulting services relating to the design, development, operation,  
 10 or patenting of modular computers, such as those including a portable central unit with storage,  
 11 an input device including an interface for wireless communication with a remote network, and a  
 12 display and/or sound reproduction means, or relating to the acquisition of intellectual property  
 13 assets relating to modular computers, such as those including a portable central unit with storage,  
 14 an input device including an interface for wireless communication with a remote network, and a  
 15 display and/or sound reproduction means. The Party seeking to disclose Protected Material shall  
 16 provide such other information regarding the Person's professional activities reasonably  
 17 requested by the Producing Party for it to evaluate whether good cause exists to object to the  
 18 disclosure of Protected Material to the outside expert or consultant. During the pendency of this  
 19 action, including all appeals, the Party seeking to disclose Protected Material shall immediately  
 20 provide written notice of any change with respect to the Person's involvement in the design,  
 21 development, operation or patenting of modular computers, such as those including a portable  
 22 central unit with storage, an input device including an interface for wireless communication with  
 23 a remote network, and a display and/or sound reproduction means, or the acquisition of  
 24 intellectual property assets relating to modular computers, such as those including a portable  
 25 central unit with storage, an input device including an interface for wireless communication with  
 26 a remote network, and a display and/or sound reproduction means.

27                   (b) Within ten (10) calendar days of receipt of the disclosure of the Person,  
 28 the Producing Party or Parties may object in writing to the Person for good cause. In the absence

1 of an objection at the end of the ten (10) day period, the Person shall be deemed approved under  
2 this Protective Order. There shall be no disclosure of Protected Material to the Person prior to  
3 expiration of this ten (10) day period. If the Producing Party objects to disclosure to the Person  
4 within such ten (10) day period, the Parties shall meet and confer via telephone or in person  
5 within seven (7) calendar days following the objection and attempt in good faith to resolve the  
6 dispute on an informal basis. If the dispute is not resolved, the Party objecting to the disclosure  
7 will have seven (7) calendar days from the date of the meet and confer to seek relief from the  
8 Court. If relief is not sought from the Court within that time, the objection shall be deemed  
9 withdrawn. If relief is sought, designated materials shall not be disclosed to the Person in  
10 question until the Court resolves the objection.

14 (d) Prior to receiving any Protected Material under this Order, the Person  
15 must execute a copy of the "Agreement to Be Bound by Protective Order" (Exhibit A hereto) and  
16 serve it on all Parties.

1           13.     **CHALLENGING DESIGNATIONS OF PROTECTED MATERIAL**

2               (a)     A Party shall not be obligated to challenge the propriety of any  
 3 designation of Discovery Material under this Order at the time the designation is made, and a  
 4 failure to do so shall not preclude a subsequent challenge thereto.

5               (b)     Any challenge to a designation of Discovery Material under this Order  
 6 shall be written, shall be served on outside counsel for the Producing Party, shall particularly  
 7 identify the documents or information that the Receiving Party contends should be differently  
 8 designated, and shall state the grounds for the objection. Thereafter, further protection of such  
 9 material shall be resolved in accordance with the following procedures:

10              (i)     The objecting Party shall have the burden of conferring either in  
 11 person, in writing, or by telephone with the Producing Party claiming protection (as well as any  
 12 other interested party) in a good faith effort to resolve the dispute. The Producing Party shall  
 13 have the burden of justifying the disputed designation;

14              (ii)    Failing agreement, the parties shall follow the Court's Standing  
 15 Order in Civil Cases regarding Discovery and Discovery Motions for a ruling that the Discovery  
 16 Material in question is not entitled to the status and protection of the Producing Party's  
 17 designation. The Parties' entry into this Order shall not preclude or prejudice either Party from  
 18 arguing for or against any designation, establish any presumption that a particular designation is  
 19 valid, or alter the burden of proof that would otherwise apply in a dispute over discovery or  
 20 disclosure of information; and

21              (iii)   Notwithstanding any challenge to a designation, the Discovery  
 22 Material in question shall continue to be treated as designated under this Order until one of the  
 23 following occurs: (a) the Party who designated the Discovery Material in question withdraws  
 24 such designation in writing; or (b) the Court rules that the Discovery Material in question is not  
 25 entitled to the designation.

26           14.     **SUBPOENAS OR COURT ORDERS**

27               (a)     If at any time Protected Material is subpoenaed by any court, arbitral,  
 28 administrative, or legislative body, the Party to whom the subpoena or other request is directed

1 shall immediately give prompt written notice thereof to every Party who has produced such  
 2 Discovery Material and to its counsel and shall provide each such Party with an opportunity to  
 3 move for a protective order regarding the production of Protected Materials implicated by the  
 4 subpoena.

5           **15. FILING PROTECTED MATERIAL**

6           (a)     Absent written permission from the Producing Party or a court Order  
 7 secured after appropriate notice to all interested persons, a Receiving Party may not file or  
 8 disclose in the public record any Protected Material.

9           (b)     Any Party must comply with Local Rule 79-5 to file under seal with the  
 10 Court any brief, document or materials that are designated as Protected Material under this  
 11 Order. However, nothing in this section shall in any way limit or detract from this Order's  
 12 requirements as to Source Code.

13           **16. INADVERTENT DISCLOSURE OF PRIVILEGED MATERIAL**

14           (a)     The inadvertent production by a Party of Discovery Material subject to the  
 15 attorney-client privilege, work-product protection, or any other applicable privilege or  
 16 protection, despite the Producing Party's reasonable efforts to prescreen such Discovery Material  
 17 prior to production, will not waive the applicable privilege and/or protection if a request for  
 18 return of such inadvertently produced Discovery Material is made promptly after the Producing  
 19 Party learns of its inadvertent production.

20           (b)     Upon a request from any Producing Party who has inadvertently produced  
 21 Discovery Material that it believes is privileged and/or protected, each Receiving Party shall  
 22 immediately return such Protected Material or Discovery Material and all copies to the  
 23 Producing Party, except for any pages containing privileged markings by the Receiving Party  
 24 which shall instead be destroyed and certified as such by the Receiving Party to the Producing  
 25 Party.

26           (c)     Nothing herein shall prevent the Receiving Party from preparing a record  
 27 for its own use containing the date, author, addresses, and topic of the inadvertently produced  
 28 Discovery Material and such other information as is reasonably necessary to identify the

1 Discovery Material and describe its nature to the Court in any motion to compel production of  
 2 the Discovery Material.

3           **17. INADVERTENT FAILURE TO DESIGNATE PROPERLY**

4           (a)     The inadvertent failure by a Producing Party to designate Discovery  
 5 Material as Protected Material with one of the designations provided for under this Order shall  
 6 not waive any such designation provided that the Producing Party notifies all Receiving Parties  
 7 that such Discovery Material is protected under one of the categories of this Order within  
 8 fourteen (14) days of the Producing Party learning of the inadvertent failure to designate. The  
 9 Producing Party shall reproduce the Protected Material with the correct confidentiality  
 10 designation within seven (7) days upon its notification to the Receiving Parties. Upon receiving  
 11 the Protected Material with the correct confidentiality designation, the Receiving Parties shall  
 12 return or securely destroy, at the Producing Party's option, all Discovery Material that was not  
 13 designated properly.

14           (b)     A Receiving Party shall not be in breach of this Order for any use of such  
 15 Discovery Material before the Receiving Party receives such notice that such Discovery Material  
 16 is protected under one of the categories of this Order, unless an objectively reasonable person  
 17 would have realized that the Discovery Material should have been appropriately designated with  
 18 a confidentiality designation under this Order. Once a Receiving Party has received notification  
 19 of the correct confidentiality designation for the Protected Material with the correct  
 20 confidentiality designation, the Receiving Party shall treat such Discovery Material (subject to  
 21 the exception in Paragraph 17(c) below) at the appropriately designated level pursuant to the  
 22 terms of this Order.

23           (c)     Notwithstanding the above, a subsequent designation of  
 24 "CONFIDENTIAL," "CONFIDENTIAL – ATTORNEYS' EYES ONLY" or  
 25 "CONFIDENTIAL – ATTORNEYS' EYES ONLY – SOURCE CODE" shall apply on a going  
 26 forward basis and shall not disqualify anyone who reviewed "CONFIDENTIAL,"  
 27 "CONFIDENTIAL – ATTORNEYS' EYES ONLY" or "CONFIDENTIAL – ATTORNEYS'  
 28 EYES ONLY – SOURCE CODE" materials while the materials were not marked

1 "CONFIDENTIAL – ATTORNEYS' EYES ONLY" or "CONFIDENTIAL – ATTORNEYS'  
 2 EYES ONLY – SOURCE CODE" from engaging in the activities set forth in Paragraph 6(b).

3       **18. INADVERTENT DISCLOSURE NOT AUTHORIZED BY ORDER**

4           (a)     In the event of a disclosure of any Discovery Material pursuant to this  
 5 Order to any person or persons not authorized to receive such disclosure under this Protective  
 6 Order, the Party responsible for having made such disclosure, and each Party with knowledge  
 7 thereof, shall immediately notify counsel for the Producing Party whose Discovery Material has  
 8 been disclosed and provide to such counsel all known relevant information concerning the nature  
 9 and circumstances of the disclosure. The responsible disclosing Party shall also promptly take  
 10 all reasonable measures to retrieve the improperly disclosed Discovery Material and to ensure  
 11 that no further or greater unauthorized disclosure and/or use thereof is made.

12           (b)     Unauthorized or inadvertent disclosure does not change the status of  
 13 Discovery Material or waive the right to hold the disclosed document or information as  
 14 Protected.

15       **19. FINAL DISPOSITION**

16           (a)     Not later than ninety (90) days after the Final Disposition of this case,  
 17 each Party shall return all Discovery Material of a Producing Party to the respective outside  
 18 counsel of the Producing Party or destroy such Material, at the option of the Producing Party.  
 19 For purposes of this Order, "Final Disposition" occurs after an order, mandate, or dismissal  
 20 finally terminating the above-captioned action with prejudice, including all appeals.

21           (b)     All Parties that have received any such Discovery Material shall certify in  
 22 writing that all such materials have been returned to the respective outside counsel of the  
 23 Producing Party or destroyed. Notwithstanding the provisions for return of Discovery Material,  
 24 outside counsel may retain one set of pleadings, correspondence and attorney and consultant  
 25 work product (but not document productions) for archival purposes, but must return any  
 26 pleadings, correspondence, and consultant work product that contain Source Code.

27       **20. DISCOVERY FROM EXPERTS OR CONSULTANTS**

28           (a)     Absent good cause, drafts of reports of testifying experts, and reports and

1 other written materials, including drafts, of consulting experts, shall not be discoverable.

2                         (b) Reports and materials exempt from discovery under the foregoing  
 3 Paragraph shall be treated as attorney work product for the purposes of this case and Protective  
 4 Order.

5                         (c) Testifying experts shall not be subject to discovery with respect to any  
 6 draft of his or her report(s) in this case. Draft reports, notes, or outlines for draft reports  
 7 developed and drafted by the testifying expert and/or his or her staff are also exempt from  
 8 discovery.

9                         (d) Discovery of materials provided to testifying experts shall be limited to  
 10 those materials, facts, consulting expert opinions, and other matters actually relied upon by the  
 11 testifying expert in forming his or her final report, trial, or deposition testimony or any opinion in  
 12 this case. No discovery can be taken from any non-testifying expert except to the extent that  
 13 such non-testifying expert has provided information, opinions, or other materials to a testifying  
 14 expert relied upon by that testifying expert in forming his or her final report(s), trial, and/or  
 15 deposition testimony or any opinion in this case.

16                         (e) No conversations or communications between counsel and any testifying  
 17 or consulting expert will be subject to discovery unless the conversations or communications are  
 18 relied upon by such experts in formulating opinions that are presented in reports or trial or  
 19 deposition testimony in this case.

20                         (f) Materials, communications, and other information exempt from discovery  
 21 under the foregoing Paragraphs 20(a)-(g) shall be treated as attorney-work product for the  
 22 purposes of this litigation and Order.

23                         (g) Nothing in Protective Order, include Paragraphs 20(a)-(g), shall alter or  
 24 change in any way the requirements in Paragraph 11 regarding Source Code, and Paragraph 11  
 25 shall control in the event of any conflict.

26                         21. **MISCELLANEOUS**

27                         (a) **Right to Further Relief.** Nothing in this Order abridges the right of any  
 28 person to seek its modification by the Court in the future. By stipulating to this Order, the

1 Parties do not waive the right to argue that certain material may require additional or different  
 2 confidentiality protections than those set forth herein.

3                             (b)     Termination of Matter and Retention of Jurisdiction. The Parties agree that  
 4 the terms of this Protective Order shall survive and remain in effect after the Final Determination  
 5 of the above-captioned matter. The Court shall retain jurisdiction after Final Determination of  
 6 this matter to hear and resolve any disputes arising out of this Protective Order.

7                             (c)     Successors. This Order shall be binding upon the Parties hereto, their  
 8 attorneys, and their successors, executors, personal representatives, administrators, heirs, legal  
 9 representatives, assigns, subsidiaries, divisions, employees, agents, retained consultants and  
 10 experts, and any persons or organizations over which they have direct control.

11                           (d)     Right to Assert Other Objections. By stipulating to the entry of this  
 12 Protective Order, no Party waives any right it otherwise would have to object to disclosing or  
 13 producing any information or item. Similarly, no Party waives any right to object on any ground  
 14 to use in evidence of any of the material covered by this Protective Order. This Order shall not  
 15 constitute a waiver of the right of any Party to claim in this action or otherwise that any  
 16 Discovery Material, or any portion thereof, is privileged or otherwise non-discoverable, or is not  
 17 admissible in evidence in this action or any other proceeding.

18                           (e)     Burdens of Proof. Notwithstanding anything to the contrary above,  
 19 nothing in this Protective Order shall be construed to change the burdens of proof or legal  
 20 standards applicable in disputes regarding whether particular Discovery Material is confidential,  
 21 which level of confidentiality is appropriate, whether disclosure should be restricted, and if so,  
 22 what restrictions should apply.

23                           (f)     Modification by Court. This Order is subject to further court order based  
 24 upon public policy or other considerations, and the Court may modify this Order *sua sponte* in  
 25 the interests of justice. The United States District Court for the Northern District of California is  
 26 responsible for the interpretation and enforcement of this Order. All disputes concerning  
 27 Protected Material, however designated, produced under the protection of this Order shall be  
 28 resolved by the United States District Court for the Northern District of California.

1                             (g)     Discovery Rules Remain Unchanged. Nothing herein shall alter or change  
2 in any way the discovery provisions of the Federal Rules of Civil Procedure, the Local Rules for  
3 the United States District Court for the Northern District of California, or the Court's own  
4 orders. Identification of any individual pursuant to this Protective Order does not make that  
5 individual available for deposition or any other form of discovery outside of the restrictions and  
6 procedures of the Federal Rules of Civil Procedure, the Local Rules for the United States District  
7 Court for the Northern District of California, or the Court's own orders.
